

Daily Brief...

Tuesday 10 June 2025

Loop rollout & EOL Closure We're now closing in on 70% of users transitioning from Employee OnLine (EOL) to Loop – well done! Please remember, access to EOL will be withdrawn on **23 June**. This means it will not be available to use after this date. Activity such as viewing shifts, requesting annual leave, and booking bank shifts must take place via Loop instead. If you are an EOL user and have not yet moved to Loop, please do so without delay. A video guide to signing up for Loop is available on YouTube here: [Loop - signing up on the app](#) and full guidance on [Loop can be found here](#) (networked devices only). Drop-in support sessions will be held this week as follows:

- Wednesday 11 June - Foyer, Dr Gray's Hospital, 10.30am-2pm (**not** 10 June, apologies for any confusion)
- Friday 13 June - outside Aroma Cafe, Woodend Hospital, 11am-2pm

Support can also be requested via the Loop inbox at gram.loopsupport@nhs.scot. Please email from your NHS email address, and include a note of your name, work unit, staff number (if available), and a screenshot or description of the issue you have encountered.

PVG Disclosure Scotland update From 1 April, PVG membership became a legal requirement for all regulated roles with children and protected adults. As an organisation we have legal obligations to ensure compliance with these changes, and the recruitment team have been working with services and individuals across the organisation to implement the changes. To avoid unnecessary delays in the processing of all PVGs all contact with Disclosure Scotland must go via our recruitment team to ensure consistent information is being provided. [Further information is available here](#) (intranet link, networked devices only); please contact gram.disclosureact@nhs.scot with specific queries.

Datix surgeries There are two Datix surgeries taking place on Tuesday 24 June, between 3.30-4pm and 4-4.30pm. Book on to ask a question or seek advice on anything to do with Datix. Booking is via Turas (requires log-in): [Datix Surgeries | Turas | Learn \(nhs.scot\)](#)

Get your bin in You'll know by now we are on a drive to increase our recycling rates across Grampian. We want to hit 70% of waste recycled by the end of the year, and it's possible if we all play our part. Please, don't just chuck everything in a black bag – if it's non-infectious (including bags, tubes and wrapping) then it's 'all clear' and should go straight into a clear bag recycling bin. If recycling bins aren't available where you are, you can take the lead and 'get your bin in' by ordering now via PECOS (supplier is Wybone, and the order code is CAP/AP/70L/FB/GRN). Recycling stickers for the lids of the bins are available to order via gram.resources@nhs.scot

NHS Grampian Charity Did you know that NHS Grampian Charity has around 230 dedicated charitable funds for hospitals, wards and departments across Grampian? This means any money donated to your area, stays in your area – it doesn't go into one central pot, and it doesn't get spent elsewhere. Want to know more about the funds for your area? You can see the full list of all our charitable funds here, just click the blue button: [Pages - ApplyForFunding](#)

She Pedals Scotland This Saturday sees She Pedals Scotland, an initiative aimed at getting women and girls out on their bikes. Whether you manage a leisurely circuit of a local park, or are planning an all-day adventure, you're encouraged to take part and celebrate women in cycling. More information is available here: [She Pedals Scotland: Join the Movement on 14 June – Scottish Cycling](#)

Tune of the day Funk and soul pioneer Sly Stone has left the stage for the final time. He was 82 and had been living with COPD for some time. [I Want To Take You Higher](#) is our tune of the day. Best played loud (EP)

If you want to request a tune, follow up on items included in this brief, or suggest an item for sharing, drop us an email via gram.communications@nhs.scot
