

## SURE Project FAQs

<b>Q</b>	<b>What is the SURE project?</b>
<b>A</b>	SURE stands for Swift Urological Response Evaluation. The new SURE unit will be a one-stop diagnostic centre for people with symptoms of urological cancer.
<b>Q</b>	<b>Where will the new SURE unit be?</b>
<b>A</b>	The SURE unit will be located in the Phase 1 building, yellow zone at Aberdeen Royal Infirmary.
<b>Q</b>	<b>How is the SURE unit being paid for and how much will it cost?</b>
<b>A</b>	UCAN and Friends of ANCHOR are teaming up to fund the £3.3 million project, with a £464,000 contribution from NHS Grampian Charities.  NHS Grampian will also be taking the opportunity to invest in and improve the existing infrastructure by completing associated backlog maintenance.
<b>Q</b>	<b>What will the benefits of the SURE unit be?</b>
<b>A</b>	The SURE unit will enable people to have all of their scans and diagnostic tests to be carried out during one single hospital visit, instead of having to visit the hospital a number of times for individual tests.  It will allow people to be seen quicker, doubling the number of people seen annually once up and running.  The unit will further enhance NHS Grampian clinical services and reputation as a hub of excellence for the diagnosis and treatment of urological cancer, including prostate, penis and testicular cancer as well as kidney and bladder.
<b>Q</b>	<b>When will the SURE unit open?</b>
<b>A</b>	Works in the unit are due to be complete in summer 2026.
<b>Q</b>	<b>Will any other work be taking place while the unit is being developed?</b>
<b>A</b>	Yes, whilst doing the construction work, NHS Grampian will also be taking the opportunity to improve and invest in the existing infrastructure by completing any associated backlog maintenance.
<b>Q</b>	<b>How can I keep up-to-date with the progress of the project?</b>
<b>A</b>	We will be issuing regular project updates on the project website - <a href="#">SURE Project</a> You can sign up to our mailing list to receive updates directly to your inbox by emailing <a href="mailto:gram.sureproject@nhs.scot">gram.sureproject@nhs.scot</a>
