

## Appendix 5

### Alignment of NHS Grampian Priorities with Health and Social Care Partnership and Community Planning Board Plans.

Table 1 below highlights the alignment between NHS Grampian proposed strategic priorities for 2026/27 and those priorities set out in the current Aberdeen City, Aberdeenshire and Moray Health and Social Care Partnership Plans.

NHS Grampian Priority (2026/27)	Aberdeen City Health & Social Care Partnership	Aberdeenshire Health & Social Care Partnership	Moray Health & Social Care Partnership
<b>Prevention</b>	<ul style="list-style-type: none"> <li>Multi-agency plans (Healthy Weight, Mental Health, Ageing Well, Immunisation, Cancer Screening)</li> <li>Targeted smoking/vaping interventions</li> <li>Harm reduction</li> </ul>	<ul style="list-style-type: none"> <li>Place Planning with Community Planning Partnership</li> <li>Alignment with Grampian Health Improvement Framework;</li> <li>Digital &amp; data driven care</li> </ul>	<ul style="list-style-type: none"> <li>Early intervention &amp; prevention priority</li> <li>Social prescribing scale up</li> <li>Poverty mitigation</li> <li>Suicide prevention</li> <li>Drug/alcohol harm reduction</li> <li>Technology Enabled Care expansion &amp; digital pathways</li> </ul>
<b>Planned Care</b>	<ul style="list-style-type: none"> <li>GP Vision delivery</li> <li>Primary Care Improvement Plan implementation/review</li> <li>Reablement strengthening</li> <li>Digital front door</li> </ul>	<ul style="list-style-type: none"> <li>Community hospital review;</li> <li>Home First pathways to free acute capacity</li> </ul>	<ul style="list-style-type: none"> <li>Community hospital redesign</li> <li>GMED redesign</li> <li>Improved mental- health pathway access</li> </ul>
<b>Urgent &amp; Unscheduled Care</b>	<ul style="list-style-type: none"> <li>Discharge Without Delay involvement</li> <li>Reablement expansion</li> <li>Single point of access</li> </ul>	<ul style="list-style-type: none"> <li>National Discharge Without Delay Key Performance Indicators in use</li> <li>Home First</li> <li>Step Down- Rehab</li> </ul>	<ul style="list-style-type: none"> <li>Full Discharge Without Delay programme with explicit Key Performance Indicators (length of stay reduction, occupancy targets, frailty at front door)</li> </ul>
<b>Value &amp; Sustainability</b>	<ul style="list-style-type: none"> <li>Cost reduction programme (premises consolidation, pay/non-pay efficiencies, contract reviews and income generation)</li> </ul>	<ul style="list-style-type: none"> <li>Strategic reviews (community hospitals, care homes, learning disability day services)</li> <li>Medium Term Financial Strategy alignment</li> </ul>	<ul style="list-style-type: none"> <li>Service redesigns (GMED, day care, care at home)</li> <li>Commissioning strategy</li> <li>Infrastructure planning &amp; Medium Term Financial Strategy alignment</li> </ul>

**Table 1**

Table 2 below highlights the alignment between NHS Grampian proposed strategic priorities for 2026/27 and those priorities set out in the current Aberdeen City, Aberdeenshire and Moray Local Outcomes Improvement Plans.

<b>NHS Grampian Priority (2026/27)</b>	<b>Aberdeen City Local Outcomes Improvement Plan</b>	<b>Aberdeenshire Local Outcomes Improvement Plan</b>	<b>Moray Local Outcomes Improvement Plan</b>
<b>Prevention</b>	Reducing poverty, improving child development and mental health, increasing healthy life expectancy, reducing alcohol and drug deaths, and tackling inequalities.	Reducing poverty, addressing inequalities, promoting healthy living and improving population health outcomes.	Early years intervention, community empowerment, tackling inequalities and addressing alcohol related harm.
<b>Planned Care</b>	Mental health priorities and improving access to timely care.	Health and Wellbeing priority, recognising the importance of timely access to services and improved outcomes.	Treatment and recovery pathways, particularly for mental health and substance use services.
<b>Urgent and Unscheduled Care</b>	Plans relating to homelessness, alcohol and drugs, and support for vulnerable people, contributing to reduced crisis presentations.	Prevention and community-based support to reduce avoidable admissions and support improved discharge pathways.	Focus on alcohol related harm and crisis prevention, reducing pressure on emergency and acute services.
