Connect to free NHS Wi-Fi

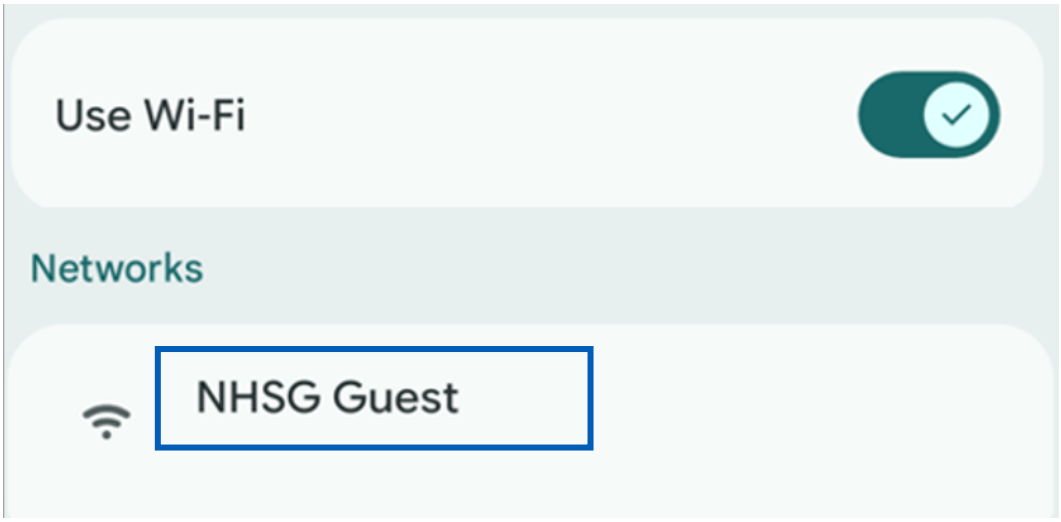

For Android phones/tablets (options may vary by device)

1. Open Settings and ensure Wi-Fi is turned on

Look under Network & internet or Connections,
then Internet or Wi-Fi. Menus vary by device. Ensure Wi-Fi is turned on.

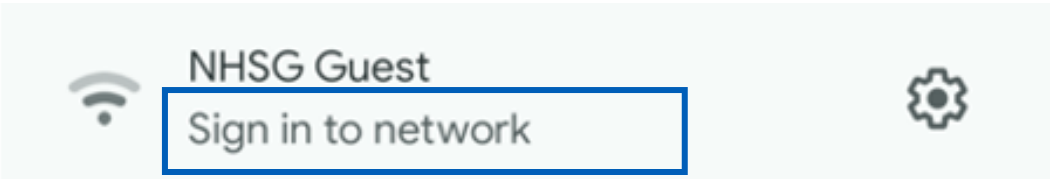

2. Select NHSG Guest

Wait for the list of networks to appear under Networks and tap NHSG Guest.

3. Tap Sign in to network

Look for a **Sign in** notification popup or the option beside NHSG Guest in your Wi-Fi settings.

This opens the Wi-Fi sign in page.

For Android phones/tablets (options may vary by device)

4. Tap Get online

On the NHS Wi-Fi sign in page, tap Get online.

If the sign-in page does not appear

If this page does not appear, repeat the process until it does.

Connect to free NHS Wi-Fi

For iPhones/iPads

1. Open Settings and tap Wi-Fi

Ensure Wi-Fi is turned on.
The switch shows green when it is on.

2. Select NHSG Guest

Wait for the list of networks to appear under Known Networks or Other Networks, tap NHSG Guest.

3. Wait for the Wi-Fi sign in page

A Sign in page should appear automatically after a few seconds.
