

# The ANCHOR Centre Project

## Notice of Important Changes to Site Access

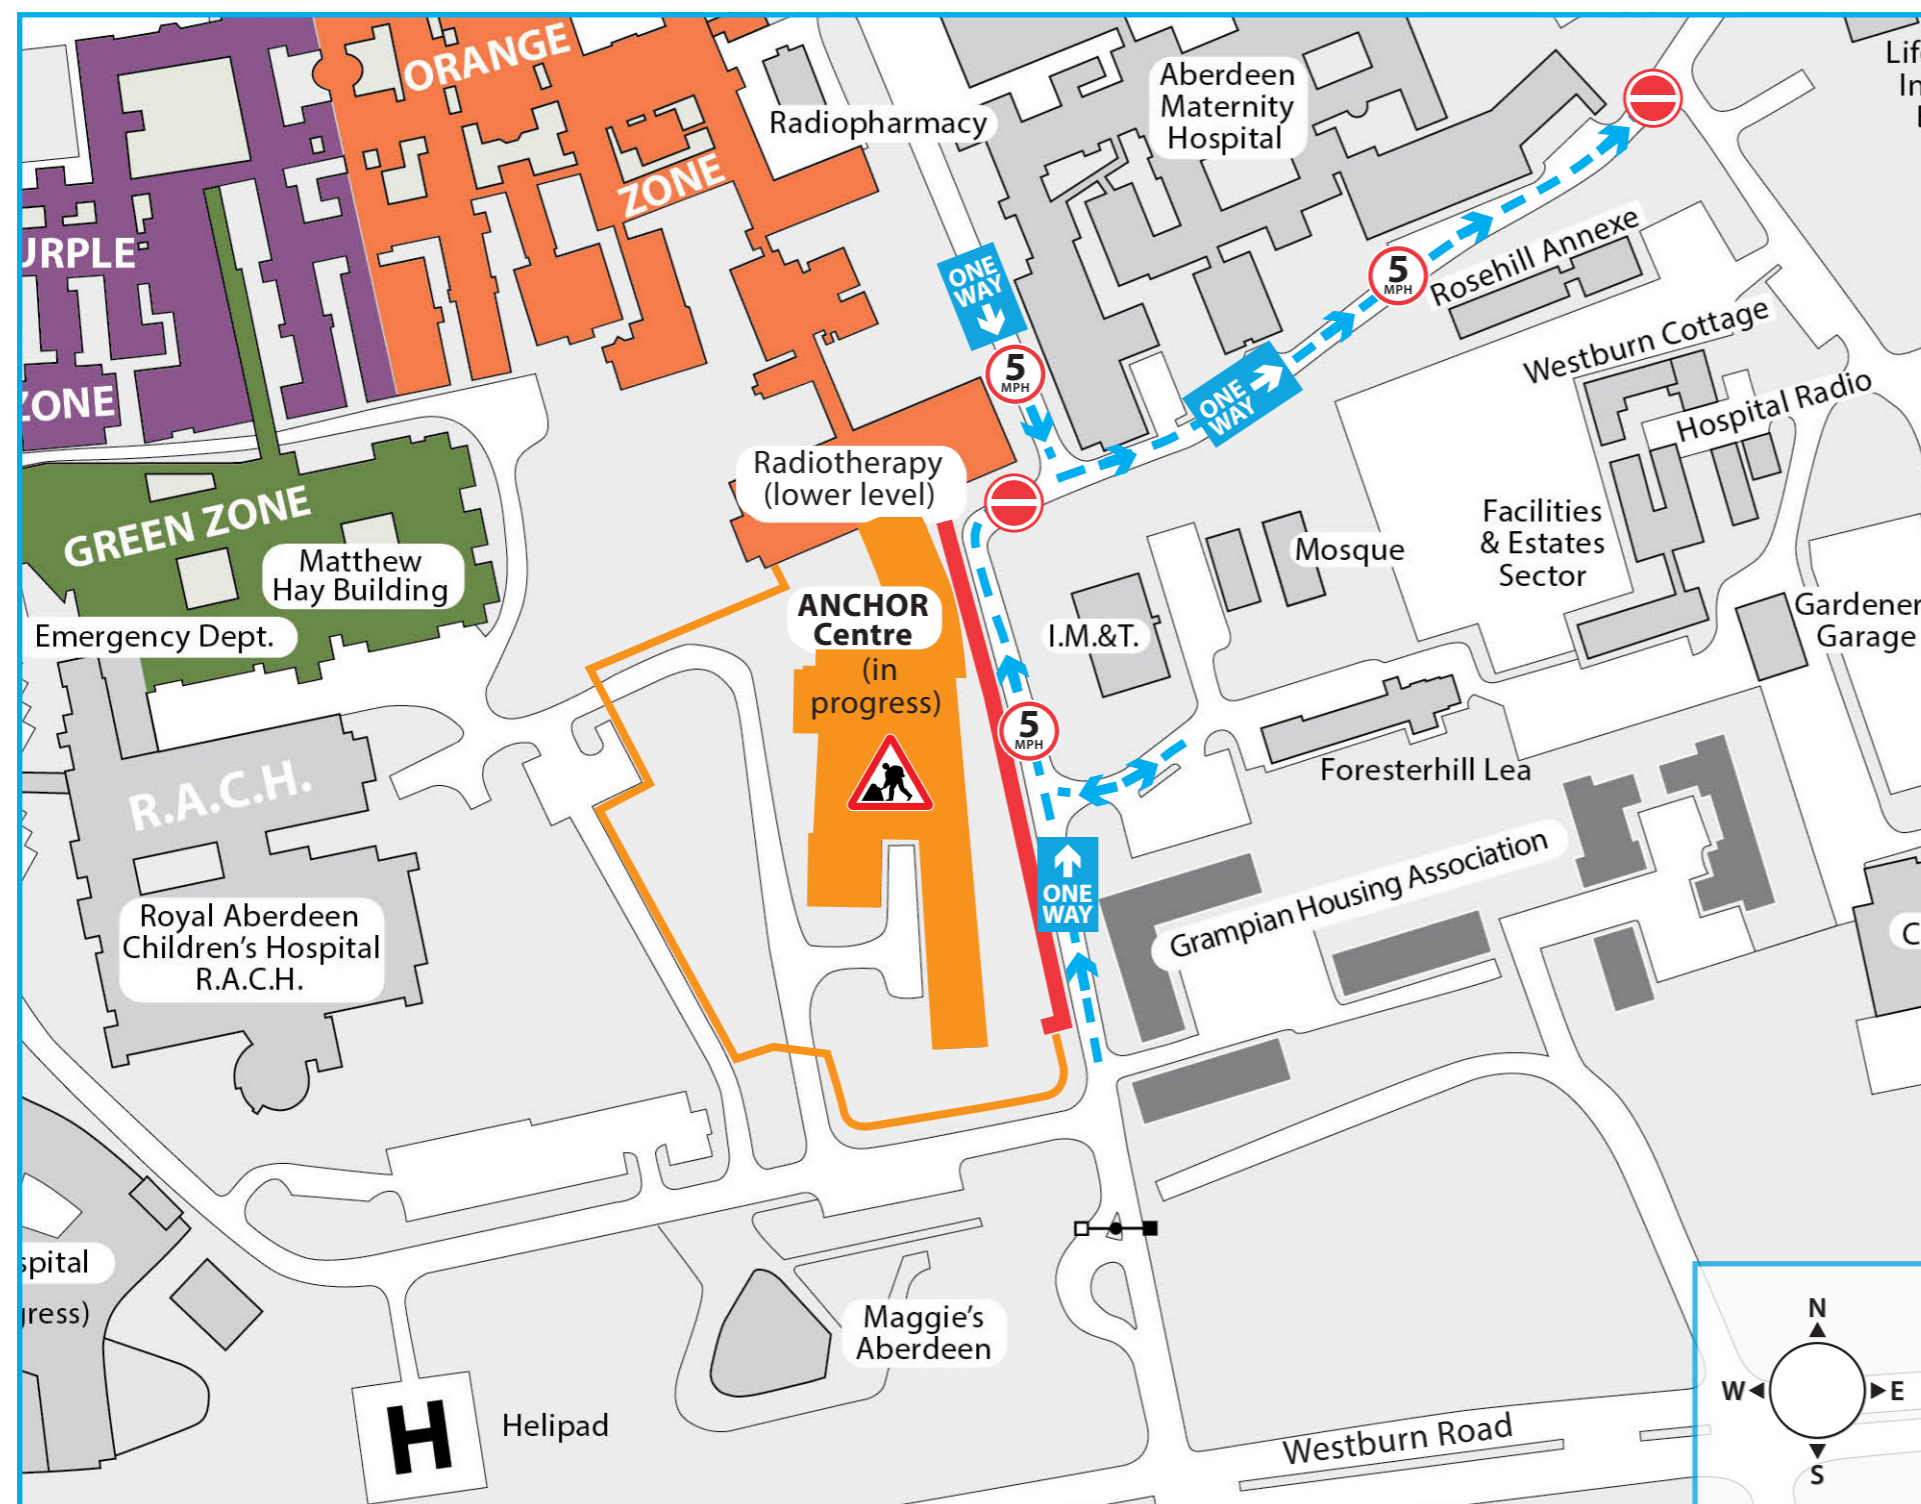

### Temporary One-way Road System

From 11 July - 28 October 2022

To allow for The ANCHOR Centre boundary wall to be built there will be a one-way system in place on a section of the Foresterhill Health Campus that will prevent exit onto Westburn Road.

The section of road affected is the part leading up to the Radiotherapy Centre beyond the Maggie's Centre entrance to the site and along towards the back of Aberdeen Maternity Hospital (AMH). Please see map for details.

Restrictions will be in place from 11th July 2022 until the end of October 2022.

Please note there will be signage and speed restrictions of 5 miles per hour to adhere to in this area for the duration of these works.

The restrictions will prevent full access to the rear of AMH from the East although access will remain available from the West. Authorised access to allow for essential deliveries will be permitted. To arrange approval for this please email: [gram.aricarparkingpermits@nhs.scot](mailto:gram.aricarparkingpermits@nhs.scot)

Pedestrian access will remain in this area throughout. We apologise in advance for any inconvenience these essential works may cause.
